

# Material Safety Data Sheet

Page: 1 of 4

Infosafe No. LPUB8 Issue Date : March 2005 ISSUED by BARNES

Product Name : **TRADE 26 BASE**

Not classified as hazardous according to criteria of NOHSC

## 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND COMPANY

**Product Name** TRADE 26 BASE  
**Product Use** Moulding rubber.  
**Company Name** Barnes Products Pty Ltd (ABN 004 011 456)  
**Address** 6 Homedale Road Bankstown  
NSW 2200  
**Emergency Tel.** (02) 9793 7555  
**Telephone** Tel: (02) 9793 7555 Fax: (02) 9793 7091  
**Number/Fax**  
**Other Information** Information provided has been prepared in good faith and believed to be correct. Barnes Products Pty Limited make no warranty either express or implied as to completeness, accuracy thereof, misuse or misinterpretation of this information.

## 2. COMPOSITION/INFORMATION ON INGREDIENTS

**Information on Composition** This product contains polydimethylsiloxanes.

<b>Ingredients</b>	<b>Name</b>	<b>CAS</b>	<b>Proportion</b>
	Ingredients determined not to be hazardous.		100 %

## 3. HAZARDS IDENTIFICATION

Not classified as hazardous according to the criteria of NOHSC.  
Not classified as a dangerous good according to the ADG Code.

**Risk phrases:**  
None applicable.

**Safety phrases:**  
None applicable.

## 4. FIRST AID MEASURES

**Inhalation** Remove the source of contamination or move the victim to fresh air. Ensure airways are clear and have qualified person give oxygen through a face mask if breathing is difficult. If symptoms develop seek medical attention.

**Ingestion** Do NOT induce vomiting. Wash out mouth with water. Seek medical attention.

**Skin** Remove contaminated clothing and wash skin thoroughly with soap and water. Ensure contaminated clothing is washed before re-use or discard. If irritation develops, seek medical attention.

**Eye** If contact with the eye(s) occurs, wash with copious amounts of water holding eyelid(s) open. Take care not to rinse contaminated water into the non-affected eye. If symptoms persist seek medical attention.

**First Aid Facilities** Eye wash and normal washroom facilities.

**Advice to Doctor** Treat symptomatically.

## 5. FIRE FIGHTING MEASURES

**Extinguishing Media** Do not use water in a jet. Keep containers cool with water spray. Use foam, carbon dioxide or dry chemical to extinguish fire.

**Specific Hazards** Combustible substance. This product will burn if exposed to fire.

**Hazardous Combustion Products** Under fire conditions this product may emit toxic and/or irritating fumes including carbon monoxide, carbon dioxide and formaldehyde.

**Precautions in connection with Fire** Fire-fighters should wear full protective clothing and self contained breathing apparatus (SCBA) operated in positive pressure mode.

## 6. ACCIDENTAL RELEASE MEASURES

# Material Safety Data Sheet

Infosafe No.	LPUB8	Issue Date : March 2005	ISSUED by BARNES
--------------	-------	-------------------------	------------------

Product Name : **TRADE 26 BASE**

Not classified as hazardous according to criteria of NOHSC

Wear appropriate personal protective equipment and clothing to minimise exposure. Extinguish or remove all sources of ignition and stop leak if safe to do so. Increase ventilation. Evacuate all unnecessary personnel. If possible contain the spill. Place inert absorbent material onto spillage. Use clean non-sparking tools to collect the material and place into a suitable labelled container. Do not dilute material but contain. Dispose of waste according to federal, Environmental Protection Authority and state regulations. If large quantities of this material enter the waterways contact the Environmental Protection Authority, or your local Waste Management Authority.

## 7. HANDLING AND STORAGE

**Handling** Use in a well ventilated area. DO NOT store or use in confined spaces. Build up of mists or vapours in the atmosphere must be prevented. Avoid breathing in spray or mists or vapours. Do not use near welding or other ignition sources and avoid sparks. Do not smoke. When dealing with large quantities, repeated or prolonged skin exposure without protection should be prevented in order to lessen the possibility of skin disorders. It is essential that all who come into contact with this material maintain high standards of personal hygiene ie. washing hands prior to eating, drinking, smoking or using toilet facilities.

**Storage** Store in a cool, dry well-ventilated area away from heat, sources of ignition, oxidising agents, foodstuffs, and clothing and out of direct sunlight. Keep containers closed when not in use and securely sealed and protected against physical damage. Inspect regularly for deficiencies such as damage or leaks. Do NOT pressurise, cut, heat or weld containers as they may contain hazardous residues.

## 8. EXPOSURE CONTROLS, PERSONAL PROTECTION

**Exposure Limits** No value assigned for this specific material by the Australian National Occupational Health and Safety Commission (NOHSC).

**Respiratory Protection** If engineering controls are not effective in controlling airborne exposure then respiratory protective equipment should be used suitable for protecting against airborne contaminants. Final choice of appropriate breathing protection is dependant upon actual airborne concentrations and the type of breathing protection required will vary according to individual circumstances. Expert advice may be required to make this decision. Reference should be made to Australian Standards AS/NZS 1715, Selection, Use and maintenance of Respiratory Protective Devices; and AS/NZS 1716, Respiratory Protective Devices.

**Eye Protection** Safety glasses with side shields, goggles or full-face shield as appropriate recommended. Final choice of appropriate eye/face protection will vary according to individual circumstances i.e. methods of handling or engineering controls and according to risk assessments undertaken. Eye protection should conform with Australian/New Zealand Standard AS/NZS 1337 - Eye Protectors for Industrial Applications.

**Hand Protection** Wear gloves of impervious material. Final choice of appropriate gloves will vary according to individual circumstances i.e. methods of handling or according to risk assessments undertaken. Reference should be made to AS/NZS 2161.1: Occupational protective gloves - Selection, use and maintenance.

**Body Protection** Wear appropriate clothing including chemical resistant apron where clothing is likely to be contaminated. It is advisable that a local supplier of personal protective clothing is consulted regarding the choice of material.

**Eng. Controls** Provide sufficient ventilation to keep airborne levels below the exposure limit. Where vapours or mists are generated, particularly in enclosed areas, and natural ventilation is inadequate, a local exhaust ventilation system is required. Refer to AS1940 - The storage and handling of flammable and combustible liquids and AS2430 - Explosive gas atmospheres for further information concerning ventilation requirements.

**Other Information** No biological limit allocated.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

**Appearance** White liquid  
**Odour** Low varnish odour

# Material Safety Data Sheet

Infosafe No.	LPUB8	Issue Date : March 2005	ISSUED by BARNES
--------------	-------	-------------------------	------------------

Product Name : **TRADE 26 BASE**

Not classified as hazardous according to criteria of NOHSC

<b>Melting Point</b>	Not available
<b>Boiling Point</b>	> 260°C
<b>Solubility in Water</b>	Insoluble
<b>Specific Gravity (H2O=1)</b>	1.12
<b>pH Value</b>	Not applicable
<b>Vapour Pressure</b>	Not available
<b>Vapour Density (Air=1)</b>	Not available
<b>Evaporation Rate</b>	< 1 (Butyl Acetate = 1)
<b>Volatile Component</b>	<1%
<b>Flash Point</b>	260°C
<b>Flammability</b>	Combustible substance. This product will burn if exposed to fire.
<b>Ignition Temperature</b>	Not available
<b>Flammable Limits</b>	Not available
<b>LEL</b>	
<b>Flammable Limits</b>	Not available
<b>UEL</b>	

## 10. STABILITY AND REACTIVITY

<b>Stability</b>	Stable under normal conditions of storage and handling.
<b>Hazardous Polymerization</b>	Will not occur.
<b>Materials to Avoid</b>	Strong oxidising agents.
<b>Hazardous Decomposition Products</b>	Thermal decomposition may result in the release of toxic and/or irritating fumes including carbon monoxide, carbon dioxide, dimethylcyclosiloxanes, methylphenylcyclosiloxanes and formaldehyde.
<b>Hazardous Reaction</b>	May react with strong oxidising agents.
<b>Conditions to Avoid</b>	Heat, direct sunlight, open flames or other sources of ignition.

## 11. TOXICOLOGICAL INFORMATION

<b>Toxicology Information</b>	No toxicity data is available for this specific product.
<b>Inhalation</b>	Inhalation of product vapours may cause irritation of the nose, throat and respiratory system.
<b>Ingestion</b>	Ingestion of this product may irritate the gastric tract causing nausea and vomiting.
<b>Skin</b>	May cause redness, itching and irritation.
<b>Eye</b>	May cause eye irritation, tearing, stinging, blurred vision, and redness.
<b>Chronic Effects</b>	Unknown.
<b>Other Information</b>	This product contains methylpolysiloxanes which can generate formaldehyde when heated above 150°C in the presence of air. Formaldehyde is a known animal carcinogen and is listed as a probable human carcinogen by the IARC. Formaldehyde is irritating to the eyes, nose, throat and skin and is a dermal sensitiser.

## 12. ECOLOGICAL INFORMATION

<b>Environ. Protection</b>	Do not allow product to enter drains, waterways or sewers.
<b>Mobility</b>	No data is available for this material.
<b>Persistence / Degradability</b>	No data is available for this material.
<b>Ecotoxicity</b>	No data is available for this material.

## 13. DISPOSAL CONSIDERATIONS

# Material Safety Data Sheet

Page: 4 of 4

Infosafe No.	LPUB8	Issue Date : March 2005	ISSUED by BARNES
--------------	-------	-------------------------	------------------

Product Name : **TRADE 26 BASE**

Not classified as hazardous according to criteria of NOHSC

Dispose of waste according to federal, EPA and state regulations. Labels should not be removed from containers until they have been cleaned. Do not cut, puncture or weld on or near containers. Contaminated containers must not be treated as household waste. Containers should be cleaned by appropriate methods and then re-used or disposed of by landfill or incineration as appropriate. Do not incinerate closed containers. Advise combustible nature.

## 14. TRANSPORT INFORMATION

Not classified as a Dangerous Good, according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.

**U.N. Number** None Allocated

**Proper Shipping Name** None Allocated

**DG Class** None Allocated

**Hazchem Code** None Allocated

**Packing Group** None Allocated

## 15. REGULATORY INFORMATION

**Poisons Schedule** Not Scheduled
