

Economy Plus Performance . . . Our Most Popular Two-Part Product!

Manufacturers of Fine Clays and Machés

Apoxie® Sculpt

Apoxie® Sculpt is used around the world by sculptors, restorers, miniaturists, hobbyists, crafters, repair persons, and students. It is used in museums, schools, motion picture studios, aquariums, and theme parks. Apoxie® Sculpt, is a self-hardening synthetic clay that combines the features and benefits of clay with those of epoxies.

ARTS • CRAFTS • SCHOOLS • MUSEUMS • TAXIDERMY • HOBBIES

Features and Benefits

- Offers economy as well as performance, strength and waterproof permanence.
- Flat to semi-gloss finish to make repairs and painting easier.
- 10 Colors plus 2 Metals! Mix for more choices or patterns.
- Self-hardening, 2-part product (A & B) must be mixed thoroughly.
- Open working time about 3 hours, cures hard overnight (24 hour full cure).
- 0% shrinkage.
- Strongly adheres to almost any clean surface . . . including ceramic, fiberglass, foam, glass, metal, plastics, stone, wood, and more!
- Can be seamlessly feathered before set-up, or sanded, tapped, lathed or otherwise tooled after!
- Non-toxic; no solvents or fumes.
- Easy clean-up with Apoxie® Safety Solvent or soap & water.

AVES® fine clays and machés are available in convenient sizes. Ask your supplier for details.

DESIGN - CREATE - BUILD - RESTORE

..... 100's of Uses!

ARTS, CRAFTS & HOBBIES

No ovens, kilns or fumes! Create special decor, figures, jewelry and original sculptures; use with kits and models; build detail; fill molds; cover armatures, etc. Add color to your projects!

REPAIRS & RESTORATIONS

Antiques; toys; dolls; ceramics; pottery; vases; statues; museum and outdoor displays; tools; furniture; and more. Add to or repair most anything! Many home, school and professional uses.

DESIGN, MODEL MAKING & THEME PARK PROJECTS

Create special effects. Fill and cover seams; repair cracks; bond pieces together; fabricate parts; create dioramas and relief maps. Exterior quality.

WILDLIFE ARTISTS, DOLL MAKERS & WOODCARVERS

Create eye sets; fill and cover seams; cover armatures; fabricate or extend parts; create natural-looking trees, branches, leaves, rocks, bases, waterfalls and other scenic effects.

Be Creative With Your Own Uses!

APOXIE® SCULPT **Colors and Metals** give you many solid options. Same working time, curing and other handling features as with cream Apoxie® Sculpt. Save time and money on finishing jobs by using colors and metal finishes. To enhance the metal effect of cured Apoxie® Sculpt, rub on graphite and buff out the luster.

Add color to any project! 10 Colors and 2 Metals Available:
Colors: Cream (natural), Green, Black, Pink, Red, Blue, White, Yellow, Brown, Orange
Metals: Bronze, Silver/Grey (Aluminum)
